3. After a successful login, you should see this screen.

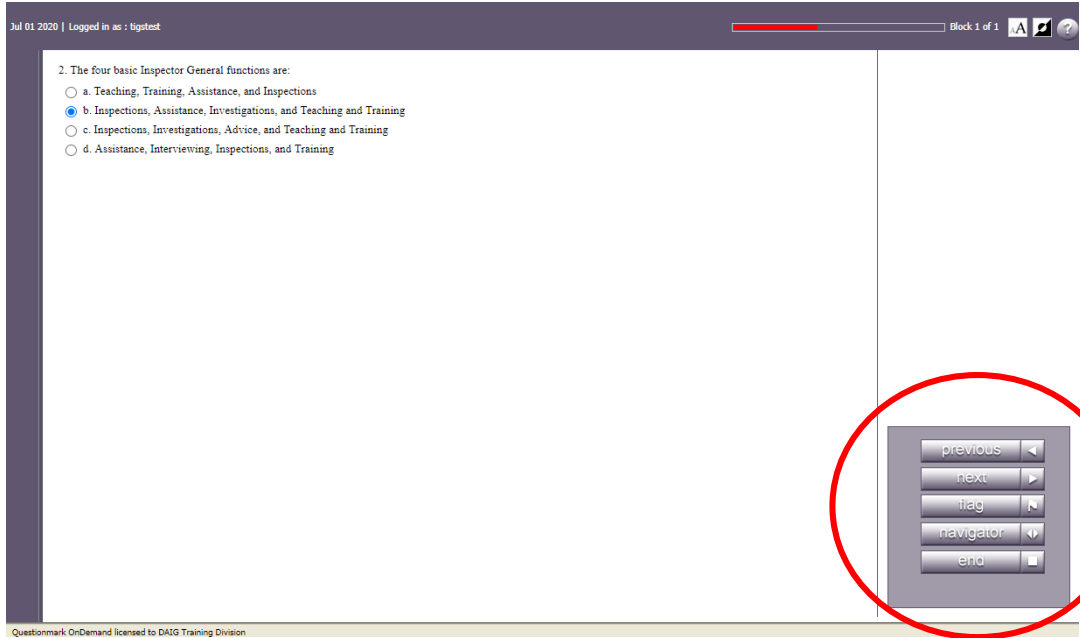

4. Click on the **green** start arrow next to the quiz / Exam name.

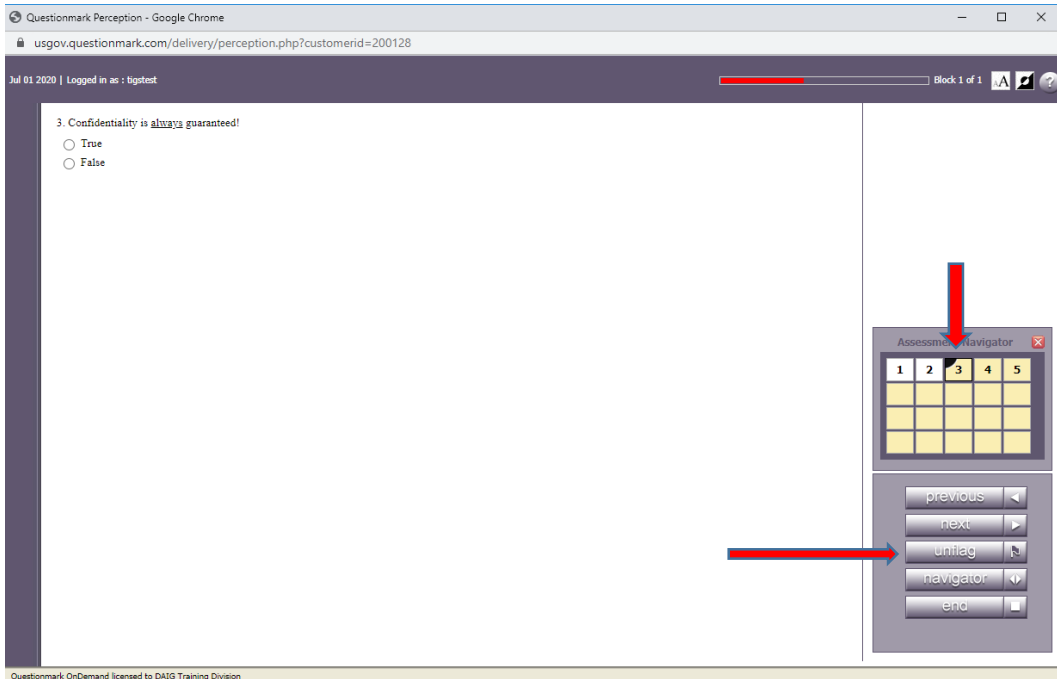

5. This will launch the quiz.

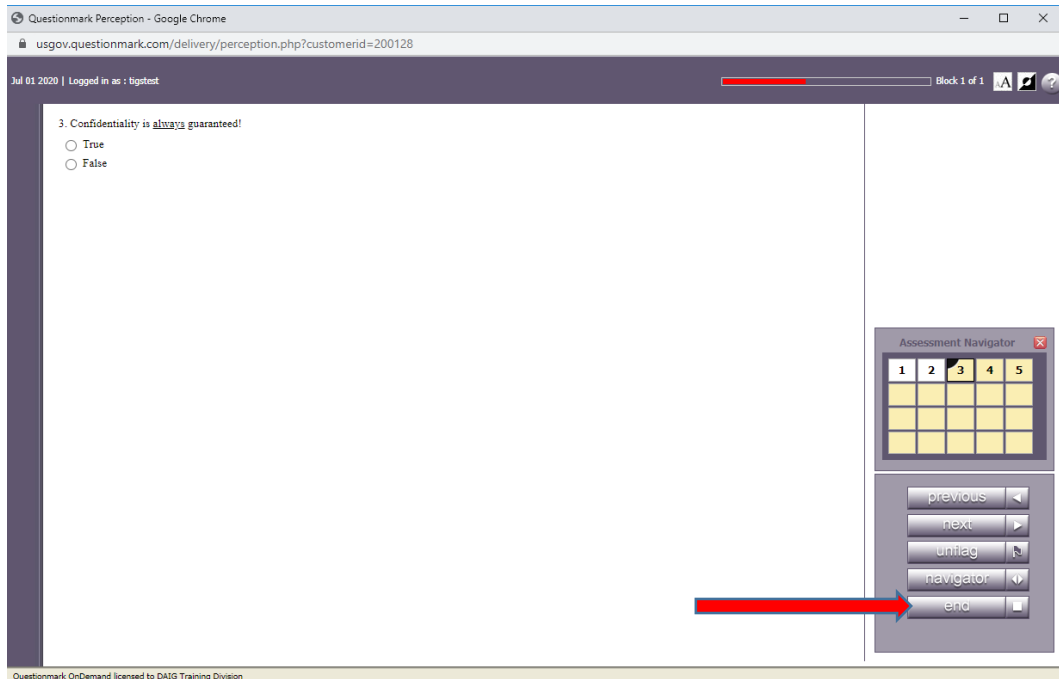

6. Select your answers. Use the navigation buttons at the bottom right of the screen to go to the next or back to the previous question.

7. Open the Navigator to see questions you may have flagged.

8. Click on the End button when you've answered all of the questions.

9. Once complete, you will receive your unofficial score on the screen. Click on the **Home** button and then logged out of the system.
